STORY 📖

During winter of 2018, many dead bodies of villagers found near river of the village. When Postmortem Report of these bodies came, its found that Deaths are due to hard bite attack probably by a River Monster / Creature, The is Fear related this incident in the whole village

Abhi who In normal days usually goes to swim with his friends in that River Now due to these incidents, His friends rejected to go to swim in that river when asked by "Abhi" and he decided to catch all monsters & End the Fear of River Creatures....

MECHANICS 🔧

The Controls are Simple,

- D / Left Arrow Key -> Left
- A / Right Arrow Key -> Right
- Space -> Jump (Double Jump Supported)

Game also gonna depend a lot on **Fluid Mechanics** as Player present beneath water, where Jumps are much slower & Gravity value is Halved
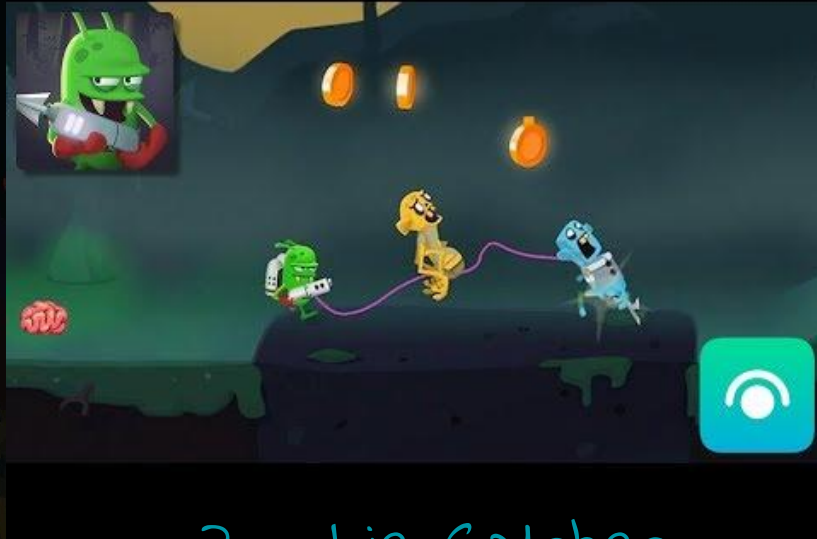

PROGRESSION

Game is Based out of Level Based Progression (with 120+ Levels)

There are also some creepy small river creatures.

Player have to kill all small river creatures to make all the way to the end where there is a **Boss Monster Creature** and when Final Creature at every level got Killed that **Creature is added to Player's Monster Lists.**

MECHANIC INSPIRATION ✚

Zombie Catcher

Just instead of Zombies, Player need to Capture River Monster...
